

Ministry report From Tarek Saleeby

August 2005

TV Program, Encouraging Report:

The "Hayat Al Iman" (Life of Faith) Program is airing 6 days a week on the Spirit Channel, Reaching hundreds of Thousands and probably Millions all over the Middle East, North Africa and Europe. I am receiving E-mails, SMS and Phone Calls from Friends from all over the areas reached, expressing their enthusiasm for the Program which is reaching to people's hearts and minds with the Word of Faith.

Church Planting Effort:

The Life of Faith – Byblos Church is now going well and we are currently searching for a house in which we can meet. Financial Challenges are great, but we believe God for the provision and for the expansion. It is expected that as we move from the House Meeting to the special hall an increase will take place and several people will be added to the group.

A G12 System is currently under preparation and the moment we get the place a new organization will be applied to the congregation.

Itinerary Services

More and more churches are inviting me to preach, I am booked to preach on August 26, 2005 at the "Church of God" in Lebanon Annual Conference, I will probably be the preaching three sermons on the Subject of "The Old man and the New Man in Christ".

Books and Publications:

I am currently writing the 9th part of the Life of Faith Discipleship program. The Subject of this part is "The Way to Revival".

On another hand, Finances are needed to publish Kenneth E. Hagin Books in Arabic. I have been translating several booklets by Kenneth E. Hagin. But No Finances are available to acquire the Translation Rights and to publish and distribute the books.
